Isherwood:

Queen's union-busters are looting Qantas and Australia—nationalise the airline

The only way to save Qantas from the gang of union-busters and financial looters, hatched from Queen Elizabeth's Rio Tinto Kindergarten, who've hijacked the world's best airline to loot it to death, is for the Commonwealth government to renationalise it, declared Citizens Electoral Council leader Craig Isherwood today.

"The government must renationalise Qantas to guarantee a national airline service and keep it Australian," Isherwood said.

"The agenda and pedigree of all the conspirators in the current assault on the Qantas business, the Qantas unions, and now the Australian public were exposed by the CEC in its explosive 1998 pamphlet, *STOP the British Crown plot to crush Australia's unions*.

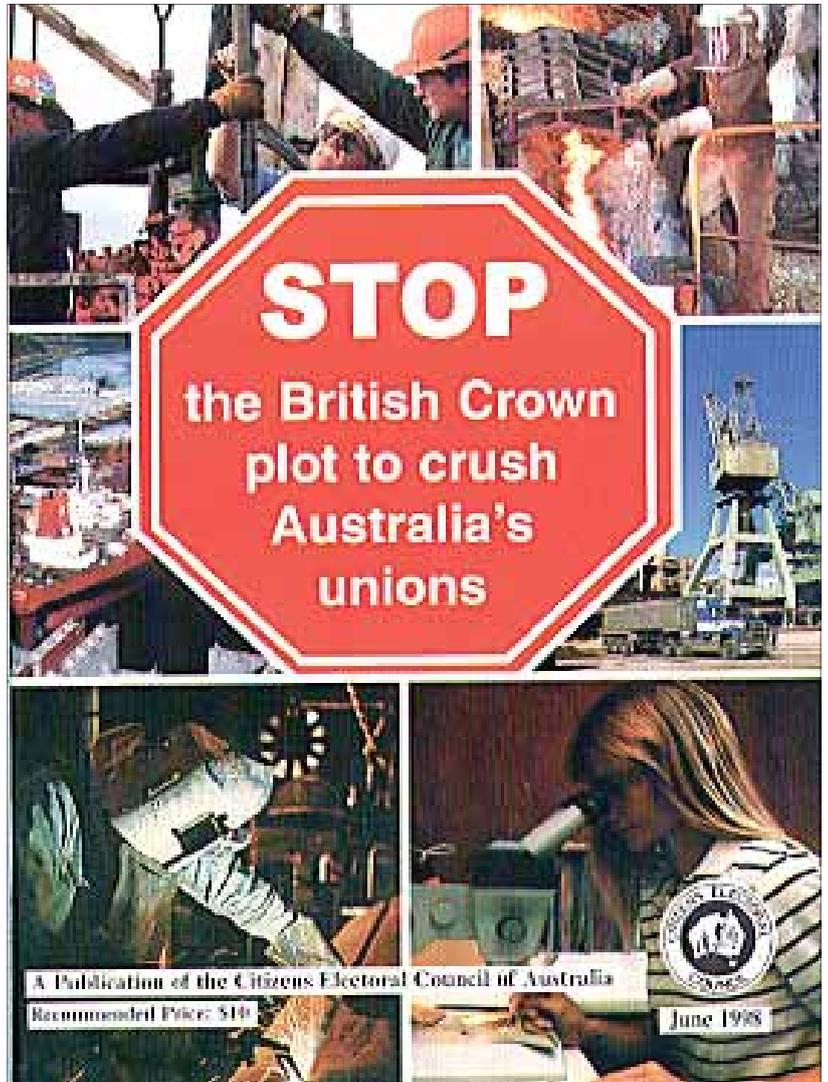

"This is the Rio Tinto Kindergarten—the union-busting thugs incubated in Rio Tinto during the 1980s and early 1990s who ran the campaigns to smash unionism in the mines, in Telstra, and on the waterfront.

"Rio Tinto, the jewel of the Anglo-Dutch raw materials cartel, is owned by the Queen herself; it took the point on smashing unions to remove opposition to the wave the economic rationalist 'reforms' initiated in the late 1970s by John Howard and John Hewson, and implemented by Bob Hawke and Paul Keating, under orders from the City of London banks.

"The reforms were designed by the fascist Mont Pelerin Society, the British Crown's economic warfare unit formed in 1947 with funds organised by Royal Family financier Harley Drayton, which operates in Australia through various fronts including the Institute of Public Affairs (IPA), the Tasman Institute [now defunct], The Centre for Independent Studies (CIS), and the dedicated union-busting think tank the HR Nicholls Society."

Isherwood named the key players in the current Qantas crisis who were exposed in *STOP the British Crown plot to crush Australia's unions*.

- **Qantas chairman Leigh Clifford**, former CEO of Rio Tinto
- **Qantas director and former CEO James Strong**, formerly on the advisory council of the Tasman Institute
- **Qantas lawyers Freehills**, formerly Freehill Hollingdale & Page, Rio Tinto's lawyers, and the lawyers for other union-busting operations, such as the mercenary-employing Patrick Stevedores
- **Fair Work Australia President Geoffrey Giudice**, who was originally appointed to the Australian Industrial Relations Commission by HR Nicholls fanatic Peter Reith, is a former Rio Tinto lawyer, who represented the Queen's union-busting thugs on 17 separate occasions
- **Macquarie Bank**, Rio Tinto's investment bankers, who ran the [failed] private equity takeover of Qantas

in 2007, which if successful would have destroyed the company, and whose sharks are still circling

He continued, "The unions are focusing on Alan Joyce, the angry leprechaun rolling in clover and hoarding the pot of gold, when instead they should be fighting the Crown and the City of London, which are targeting Qantas and the unions as part of their imperial policy to destroy national economies and economic sovereignty.

"That means the unions should also be fighting the Labor Party, which has aided and abetted this conspiracy since Keating, the scumbag who privatised Qantas and boasted to Margaret Thatcher's bagman Sir Alistair McAlpine, 'I am going to tear the trade unions apart'."

Isherwood concluded, "This is not just a union fight. After nearly 30 years of the British Crown's free trade, economic rationalism and green fascism, Australia's industrial economy is almost completely destroyed, and we have been reduced to a rubble-heap of mining tailings and household debt.

"It's time for all Australians to fight this, and the only effective way to do that is to join the CEC."

British Crown unleashes Hitler policies to save monetary empire

The British Crown is deploying its stooges in the U.S., Britain, Australia and elsewhere to unleash Hitler-style policies of assassination and fascist police-state brutality to maintain political control as their financial system implodes, Citizens Electoral Council leader Craig Isherwood today warned Australians.

"In particular", Isherwood noted, "U.S. statesman and physical economist Lyndon LaRouche has warned on several recent occasions that the Crown was using Barack Obama, and the "Bush-league" (the fascist neo-cons associated with former U.S. Presidents George H.W. Bush and his son George W. Bush) to orchestrate fascist coups in the U.S. and around the world."

[Go online to read the details of LaRouche's 8th October warning in the latest *New Citizen* newspaper; http://cecaust.com.au/pubs/pdfs/cv7n6_pages1to2.pdf]

Isherwood continued, "With the killings in Yemen and Libya the open threats of assassination against the leaders of Syria and Russia, and Obama's almost daily violations of the U.S. Constitution, LaRouche's warning is being played out globally in front of our eyes.

"Obama has launched an absolutely unprecedented killing spree against Americans, using chilling 'drone' technology in Yemen to illegally slay U.S. citizens Anwar al-Awlaki, Samir Khan, and Awlaki's 16-year-old son, Abdulrahman al-Awlaki.

"America's drone program is part of a secretive, semi-privatised, and unaccountable killing machine of the U.S. military, began by Bush and Cheney, and massively expanded under Obama.

"On 20th October, this killing spree escalated when Obama and the British government effectively assassinated a head of state, Muammar Qaddafi, following which they openly threatened to do the same to the leaders of Iran, Syria and Russia, in open defiance of U.S. and international law.

"The Murdoch and liberal media whores are loudly cheering these crimes, and bombarding people with horrific images of Qaddafi's murder, to send a clear message to the population: don't question it, or you're next."

Isherwood stated that over recent decades the City of London's political stooges in Australia had steadily built up a stock of draconian police state laws to erect a fascist dictatorship over Australia, citing:

The Anti-terrorism Act 2004

The Australian Security Intelligence Organisation Legislation

Amendment (Terrorism) Act 2003

The 2002 "Anti-Terrorism" Acts, including the Border Security Legislation Amendment Act 2002; the Criminal Code Amendment (Espionage and Related Matters) Act 2002; the Suppression of the Financing of Terrorism Act 2002; the Telecommunications Interception Legislation Amendment Act 2002; the Criminal Code Amendment (Suppression of Terrorist Bombings) Act 2002; and the Criminal Code Amendment (Anti-hoax and Other Measures) Act 2002.

Intelligence Services Act 2001

Measures to Combat Serious and Organised Crime Act 2001

ASIO's Telecommunications (Interception) Legislation Amendment Act 2000

Border Protection (Validation and Enforcement Powers) Act 2001

The Racial and Religious Tolerance Act 2001

The Defence Legislation Amendment (Aid to Civilian Authorities) Act 2000 [aka the "Shoot to kill" bill]

Y2K Emergency Laws

The National Firearms Program Implementation Act 1996

[Go online for a comprehensive summary of these police-state laws; http://cecaust.com.au/main.asp?sub=articles&id=2011_10_27_Australias_Fascist_Laws.html]

Isherwood continued, "The CEC led the fight against every one of these laws, because we saw through the various pretexts such as 'terrorism', and knew that what we were fighting then, and are now, is Hitler-style fascism.

"Just as the Crown's London and Wall Street bankers, including George W. Bush's grandfather Prescott Bush, installed Hitler in power to preserve their monetary control during the Great Depression, the financier elites are resorting to Hitler methods again."

He concluded, "There is no banker-approved solution to the current global financial crisis that doesn't lead to fascism—there is no way the criminals who caused the crisis can fix it, so they are resorting to fascism to force the people to put up and shut up.

"The only solution is to go with LaRouche and the CEC: enact a Glass-Steagall law to strip merchant bankers of their power and cancel their toxic derivatives assets, and launch a new credit system that governments direct to promote the infrastructure and industries that serve the needs of the world's growing population."

To compare the CEC's record to that of the growing chorus of leaders, including PM Julia Gillard, who claim that nobody could have seen this crisis coming.
