The World Land-Bridge: Peace on Earth, Good Will towards All Men

28 Apr 2019

Publication Type: Pamphlets

On 28-29 March 2015 the Citizens Electoral Council of Australia sponsored a remarkable international conference in Melbourne, under the above title. The conference heard that the rapid emergence of the BRICS group of nations (Brazil, Russia, India, China, and South Africa), coming just as the Anglo-American- dominated trans-Atlantic system heads for likely the worst financial crash ever, marks a turning point in human history. Speakers came from around the world and ranged across the political spectrum, among them being guests from BRICS members Russia and South Africa.
